

Gold Plan Service

Enhanced Power System Maintenance Coverage

Features

- ▶ Comprehensive corrective maintenance coverage for your AC or DC systems, including internal standard batteries
- ▶ Toll-free number for Gold Plan Technical Support
- ▶ Maximum uptime and fast response for your system when service is needed

Gold Plan Service is ideal for small plug & play systems such as the Powerware® 3115 UPS (*ABOVE*) or the Intergy IPMS DC Power System (*LEFT*)

Powerware Global Services Gold Plan service provides up to five years of bumper-to-bumper coverage with maximum responsiveness. The Gold Plan delivers added assurance that critical equipment and information is protected.

When corrective maintenance is required, replacement components are delivered by an overnight carrier and your original components are picked up from your location. For added convenience all freight is paid for by Global Services.

Powerware Global Services delivers on-site support from a base of more than 250 U.S. technicians and

950 certified international service providers. These technicians support all brands manufactured by Invensys Powerware Division including Best Power, Data Trax, Deltec, Exide Electronics, Intergy, Industrial Power Management (IPM), LorTec and Powerware. Please contact your local service sales manager or Global Services at 919-872-3020, or 800-843-9433 for more information.

Specifications subject to change without notice.

Enhance and extend your standard AC or DC system warranty with the Powerware Gold Plan.
