Portable Generators

Product Focus

Dependable
Portable Power

3250 Watt Portable Generator (4550 Starting Watts)

- **PowerSurge™ Alternator good for 4550 Starting Watts**
 - ▲ 3250 Running Watts
- **6.5 Horsepower Briggs & Stratton OHV Engine**
- **Manual Start**
- **1 Gallon Fuel Tank**
 - ▲ 2.72 hour run time (at 1/2 load)
- **Quiet Spark Arrest Muffler**
- **3 Convenient Outlets**
 - ▲ Two - 120 volt, Household type outlets: NEMA# 5-20R Duplex
 - ▲ One - 120 volt, 30 amp outlet: NEMA# L5-30R
- **Part Number: 1653CH**

5500 Watt Portable Generator (8500 Starting Watts)

- **PowerSurge™ Alternator good for 8500 Starting Watts**
 - ▲ 5500 Running Watts
- **10 Horsepower Briggs & Stratton OHV Engine**
- **Easy Start (Manual)**
- **7 Gallon Fuel Tank**
 - ▲ 13 hour run time (at 1/2 load)
- **Ultra-Quiet Spark Arrest Muffler**
- **Command Central Control Panel**
 - ▲ Four - 120 volt, Household type outlets: NEMA# (2) 5-20R Duplex
 - ▲ One - 120/240 volt, 30 amp outlet: NEMA# L14-30R
- **Part Number: 1654CH**

7000 Watt Portable Generator (12,250 Starting Watts)

- **PowerSurge™ Alternator good for 12,250 Starting Watts**
 - ▲ 7000 Running Watts
- **15 Horsepower Briggs & Stratton OHV Engine**
- **Electric Start**
- **7 Gallon Fuel Tank**
 - ▲ 8 hour run time (at 1/2 load)
- **Ultra-Quiet Spark Arrest Muffler**
- **Weather Protected Control Panel**
 - ▲ Four - 120 volt, Household type outlets: NEMA# (2) 5-20R Duplex
 - ▲ One - 120/240 volt, 30 amp outlet: NEMA# L14-30R
 - ▲ One - 12 volt Battery Charger
- **Part Number: 1894CH**

3250 Watt Portable Generator (4550 Starting Watts)

Primary Use

- Work/Tool Power

Secondary Use

- Recreational Power

Features	Benefits
<ul style="list-style-type: none"> ■ 8" Wheels ■ Full Power Locking Outlet ■ Lo-Tone Muffler ■ Circuit Breaker Protection 	<ul style="list-style-type: none"> ■ For extra mobility ■ Provides secure connection while delivering maximum power. Ideal for use with most transfer switches. ■ Keeps noise levels to a minimum. ■ Protects generator circuits from overload.

5500 Watt Portable Generator (8500 Starting Watts)

Primary Use

- Home Standby Power

Secondary Use

- Work/Tool Power

Features	Benefits
<ul style="list-style-type: none"> ■ Extended Run Time ■ Flip-up Outlet Cover ■ Fold Down Handle ■ 10" Pneumatic Wheels ■ Power Surge Alternator ■ Fuel Gauge ■ Low Oil Protection ■ Super Silencer Muffler ■ Spark Arrest Muffler ■ Circuit Breaker Protection 	<ul style="list-style-type: none"> ■ More hours of run time per tank of fuel. ■ Keeps outlets clean and protected. ■ For compact storage or transport. ■ For all-terrain mobility. ■ Allows you to start up several motor-driven items at the same time. ■ Helps to keep track of fuel levels. ■ Keeps generator from starting if oil level drops too low. ■ Keeps noise to minimum levels. ■ For added safety at the job site. ■ Protects generator circuits from overload.

7000 Watt Portable Generator (12250 Starting Watts)

Primary Use

- Home Standby Power

Secondary Use

- Work/Tool Power

Features	Benefits
<ul style="list-style-type: none"> ■ Extended Run Time ■ Push Button Electric Start ■ 10" Pneumatic Tires ■ Fold Down Handle ■ Full Power Locking Outlet ■ Full Pressure Lubrication ■ Pressurized Low Oil Shutdown System ■ Lo-Tone Muffler ■ Battery Charging Capabilities ■ Circuit Breaker Protection 	<ul style="list-style-type: none"> ■ More hours of run time per tank of fuel. ■ Easy to start, just push the button to run. ■ Extra large for all-terrain mobility. ■ Reduce storage space. ■ Provides secure connection while delivering maximum power. Ideal for use with most transfer switches. ■ Instant lubrication to vital engine parts ensures long engine life. ■ Automatically shuts down engine if oil pressure drops too low. ■ Keeps noise levels to a minimum. ■ Allows 12 Vdc charging of batteries. ■ Protects generator circuits from overload.
